REGION I

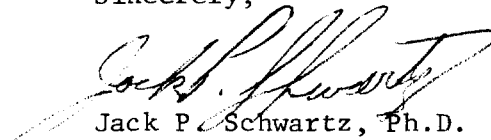

OFFICE OF REGIONAL COUNSEL

Dear Mr. Bering:

I have received your letter from Leigh Bridges. After consulting with Leigh, we have determined that the Division of Marine Fisheries can provide you with ten (10) frozen whole lobsters, four (4) from June/July, 1987, and six (6) from December, 1987. All the lobsters are from area three and each represents one of three replicates we successfully caught at each station. We normally attempt to composite three lobsters from each station, but are willing to composite duplicate lobsters in order to comply with your request.

Please call me at 745-3113 or 727-3958 to arrange the transfer of the samples to EPA.

Sincerely,

  
Jack P. Schwartz, Ph.D.  
Chief of Laboratory
